Award Fee Pool 20 (Months 115 through 120)	\$ <u> ** </u>
Total Estimated Cost, Base Fee and Award Fee	\$ <u> ** </u>

*** to be inserted at time of contract award*

- e. The award fee for this contract shall be awarded upon the unilateral determination of DOE's fee determination official (FDO) that an award fee has been earned. The unilateral decision is made solely at the discretion of the government. This determination shall be based upon the FDO's evaluation of the Contractor's performance, as measured against the evaluation criteria set forth in the award fee plan as described in Section H.25. Provisional payment of a proportional monthly amount equivalent of an amount up to 50% of the available award fee for the period may be permitted. Award fee will be paid semiannually based on the FDO's unilateral assessment of the Contractor's performance in accordance with the award fee plan.

Immediately upon the FDO's final determination of the award fee earned for the evaluation period, the Contractor may invoice any fee amount not previously paid or must credit any excess amount paid. Any unearned award fee from each evaluation period shall not be eligible to be earned in any future period(s). Award fee available for each period is set forth above. Should the anticipated scope per fiscal year increase or decrease

by an estimated 10% or greater from the scope as priced in the contract for that year, the Contractor and Government will enter into good faith negotiations to revise the base and award fee pools for that period (and subsequent years as may be appropriate) accordingly.

B.3 LIMITATION OF FUNDS

Pursuant to the FAR clause 52.232-22, entitled "Limitation of Funds," the total amount of incremental funding allotted to this contract is ____*. It is estimated that this amount is sufficient to cover performance through ____*.

** to be inserted at time of contract award and each contract modification obligating funding to the contract thereafter.*

B.4 AUTHORIZATION OF TRANSITION COSTS UNDER THE CONTRACT

- (a) Contract transition is a 90-day period of time prior to the date the Contractor assumes full responsibility. During the transition period, the Contractor shall perform those activities necessary to be prepared to assume full responsibility for the contract requirements. During the transition period, the Contractor shall bring to the site its management team and other staff necessary to plan and conduct those activities that provide for an orderly transfer of responsibilities and accountability. The Contractor shall accomplish these activities in a manner that will provide an effective transition of personnel and work activities while minimizing the cost of this effort.
- (b) The Contractor shall put into place any agreements it deems necessary between it and other site contractors/subcontractors for provision of services. Any agreement that requires DOE consent will be subject to a 30-day review and approval process and must be submitted for approval within 30 days from the date of contract award. The Contractor shall obtain all necessary permits and licenses. Available government furnished facilities, property, services and items are identified in Section H.

B.5 ALLOWABILITY OF CONTRACTOR TEAM FEE

If the Contractor is a consortium, joint venture, or other teaming arrangement, the fee earned may be distributed by the Contractor among the team members, as it deems appropriate. Separate additional subcontractor fee for teaming members shall not be considered an allowable cost under the contract. If a separate subcontractor, supplier, or lower-tier subcontractor is a wholly owned, majority owned or affiliate of any team member, any fee or profit earned by such entity shall not be considered an allowable cost under this contract unless approved by the Contracting Officer.
